

ConexGoTM

The web portal dedicated to workers solutions

ConexGo
Secured Web
Access
Conexgo.ca

The image shows a login interface for ConexGo. It features a blue header bar. Below the header, there is a white box containing the ConexGo logo (a stylized 'X' with a green circle) and the text 'ConexGo'. Below the logo, there are two input fields: 'Email' and 'Password'. The 'Email' field has an envelope icon, and the 'Password' field has an eye icon. Below these fields is a blue 'Login' button. At the bottom of the white box, there is a link that says 'Forgot Password?'. The entire interface is set against a blue background.

Conexgo portal usage Terms and Conditions

These Terms of Service ("Terms", "Terms of Service") govern your relationship with the Conexgo.ca website (the "Service") operated by Conexgo ("us", "we", or "our").

Please read these Terms of Service carefully before using the Service.

Your access to and use of the Service is based on your acceptance of and compliance with these Terms. These Terms apply to all visitors, users and others who access or use the Service, without limitation.

By accessing or using the Service you agree to be bound by these Terms and accept all legal consequences. If you do not agree to these terms and conditions, in whole or in part, please do not use the Service.

Accounts

When you create an account with us, it is mandatory that you provide us information that is accurate, complete, and current at all times. Failure to do so constitutes a breach of the Terms, which may result in immediate termination of your account on our Service.

By continuing to access or use our Service after those revisions become effective, you agree to be bound by the revised terms. If you do not agree to the new terms, in whole or in part, we strongly insist that you cease using the website and the Service immediately.

Contact Us

If you have any questions about these Terms, please contact us immediately at support@conexgo.ca

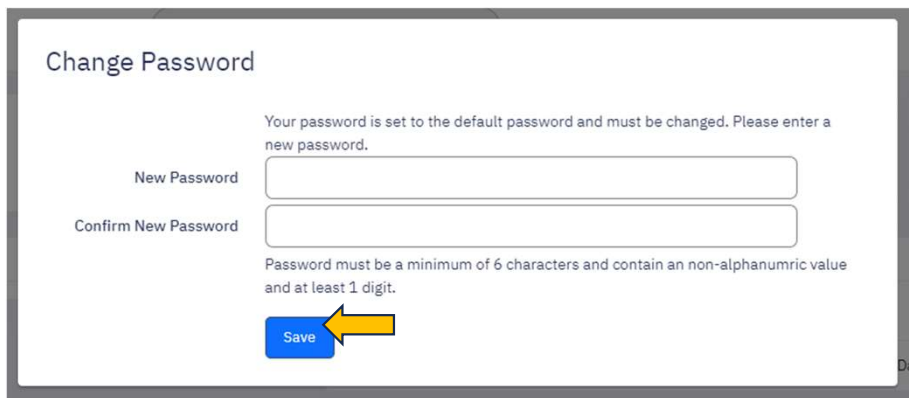

1) When you sign in the first time,
you must accept the terms of use of
the portal in order to continue

Upon your first access

1) You will be invited to change your provided temporary password

The password must be at least 6 characters long and contain a non-alphanumeric value and at least 1 number.

Change Password

Your password is set to the default password and must be changed. Please enter a new password.

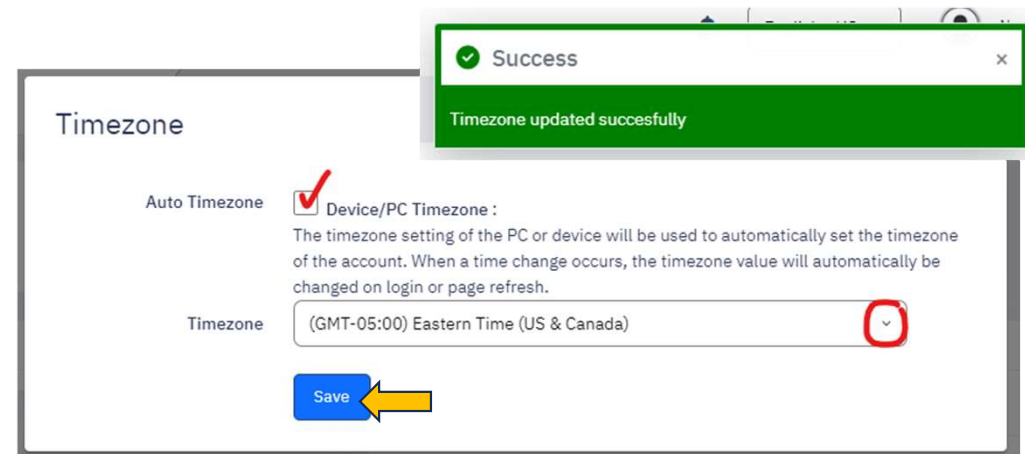

New Password

Confirm New Password

Password must be a minimum of 6 characters and contain an non-alphanumeric value and at least 1 digit.

2) Select your time zone, either click Automatic time zone according to your PC *Recommended or select the time zone of your location. A success message will be displayed

Timezone

Auto Timezone ☒ Device/PC Timezone :

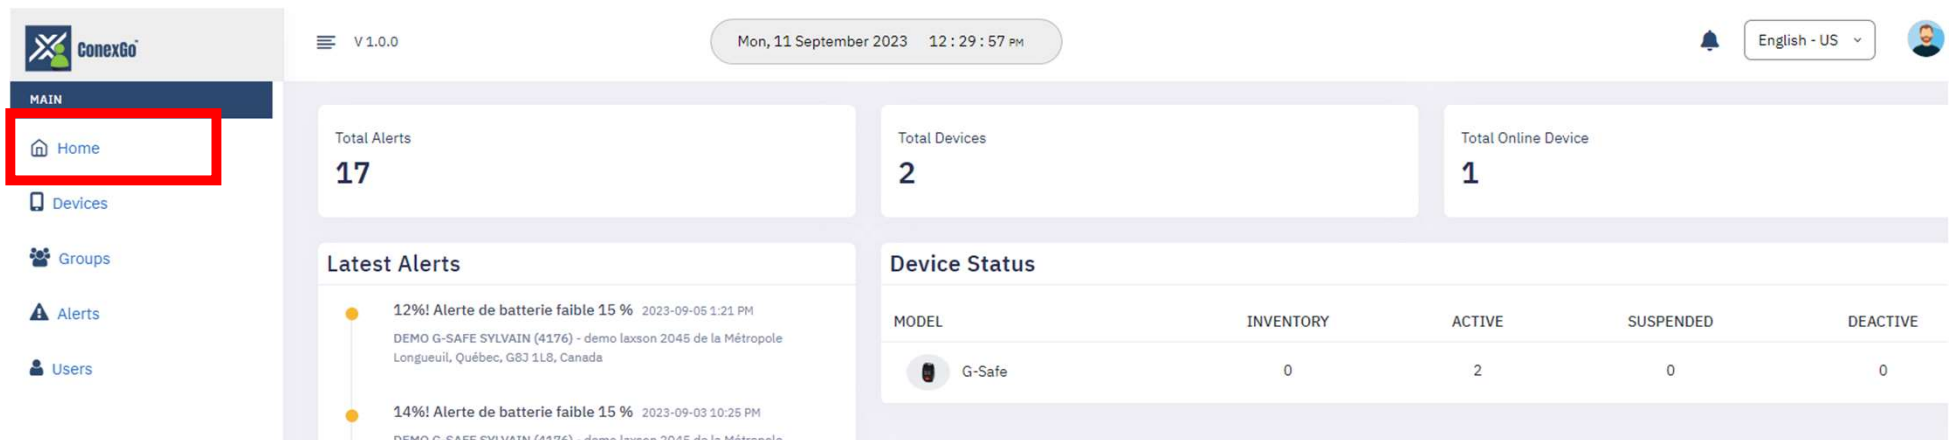

The timezone setting of the PC or device will be used to automatically set the timezone of the account. When a time change occurs, the timezone value will automatically be changed on login or page refresh.

0	4	0

Click your icon to access account menu

- **Profil:** For updating password, language and time
- Documents:** Such as copy of agreement or other relevant to your account
- **Support:** A dedicated customer link for support information, such as guides, videos, forms, order area and tech support link
- **Logout:** Logout from the portal

'Account' Section

Profil: For updating password, language and time

The image shows a user interface for an account profile. On the left, a sidebar contains a user menu with the email 'demo@laxsongps.com' and the role 'customer'. The 'Profile' option is highlighted with a red box and a blue arrow. The main area displays the 'Account Profile' form, which is divided into three tabs: 'Details', 'Password', and 'Timezone'. The 'Details' tab is active, showing fields for Email, First Name, Last Name, Company, Address Line 1, Address Line 2, City, Province, Postal Code, Country, and Default Language. The 'Icon' field shows a user profile picture and a dropdown arrow. A blue arrow points from the 'Profile' option in the sidebar to the 'Account Profile' form. A 'Save' button is located at the bottom of the form.

The fall detection settings has be set in your device at the time of delivery. If you need to have the setting of the sensitivity of the device reduced or increase, you must send an email to support so that they can send an over the air command to the device to physically change the sensitivity setting in the unit.

Device contacts configuration menu

Low battery alert setting:

Enable or disable the setting (on-off)

Click the pen to edit or to add the respondent's email for low battery % alerts (We suggest between 15 – 30%)

Then click the + to add it. To remove it, click on the red x and click save

The 'Edit Low Battery Alert' dialog box is shown. It has a title bar with a close button (x). The 'Enabled' toggle is turned on. The 'Battery Life' is set to '15 %' with a dropdown arrow. A note states: 'When the device's battery drops below this level, it will trigger an alert.' Below this, there are two sections for adding contacts. The first section is for 'Email' with a text input field and a green '+' button. A note below it says: 'When the alert occurs, an email message will be sent to the following addresses.' The second section is for 'SMS' with a text input field and a green '+' button. A note below it says: 'Please enter phone number in this format +1 etc. When the alert occurs, an SMS message will be sent to the following addresses.' At the bottom, there are 'Save' and 'Cancel' buttons.

Geofence (In & outbound zone alerts)

In some applications, it is necessary to receive zone entry or exit alerts as part of the worker's job function.

Geofence

Exit Zone 1 ✓
167 rue Bérubé, St-Armand, Québec (400 m)
Outgoing

- The 'Geofence' function is the creation of virtual geolocation zones which are created with a civic address and a specific diameter.

To add or modify a geofence click on the pen icon

Edit Geofence

Save Save and Close Cancel Delete

Creation of a zone

Creation of a zone for this device:

1. Activation function
2. Enter the zone name
3. Enter full address
4. Indicate de size of the area, min 150 meters to 9,999,999m
5. Indicate the direction of the alert, either Incoming= enters, Outgoing= exits the area
6. Indicate the email for receiving alerts
7. Save

Up to a maximum of 5 zones can be created per unit.

Edit Geofence

The screenshot displays the 'Edit Geofence' interface. At the top, a list shows five zones: '#1 Exit Zone 1' (active, green checkmark), '#2' (inactive, red X), '#3' (inactive, red X), '#4' (inactive, red X), and '#5' (inactive, red X). Below this is a form for configuring zone #1. The 'Enabled' toggle is turned on. The 'Name' field contains 'Exit Zone 1'. The 'Address' field contains '167 rue Bérubé, St-Armand, Québec'. The 'Zone Size' is set to 400. The 'Direction' is set to 'Outgoing (Device exits the geofence.)'. To the right of the form is a map showing the location of the geofence in Philipsburg, with a red rectangle indicating the zone area. Below the map is an email alert section with an 'Email' field, a green plus icon, and a note: 'When the alert occurs, an email message will be sent to the following addresses.' The 'Sending To' field shows 'support@laxson.com'. At the bottom are four buttons: 'Save', 'Save and Close', 'Cancel', and 'Delete'. A blue arrow points to the 'Save' button.

Menu 'Groups'

Creation of groups to facilitate viewing your device's status on a single page

The screenshot displays the ConexGo web application interface. On the left sidebar, the 'Groups' menu item is highlighted with a red rectangle. The main content area shows the 'Groups' page, which includes a header with the date and time 'Mon, 11 September 2023 2:58:58 PM', a language selector 'English - US', and a user profile 'demo'. The page title is 'Groups', and the breadcrumb trail is 'Home / Groups'. A large yellow arrow points to the 'Add Group' button, which is labeled 'Create a group'. Below the button is a search bar with the placeholder text 'Search...'. The main content area is currently empty, displaying '<No Data>'. At the bottom of the page, there are three icons: a blue square with a white 'X', a green square with a white plus sign, and a red square with a white minus sign.

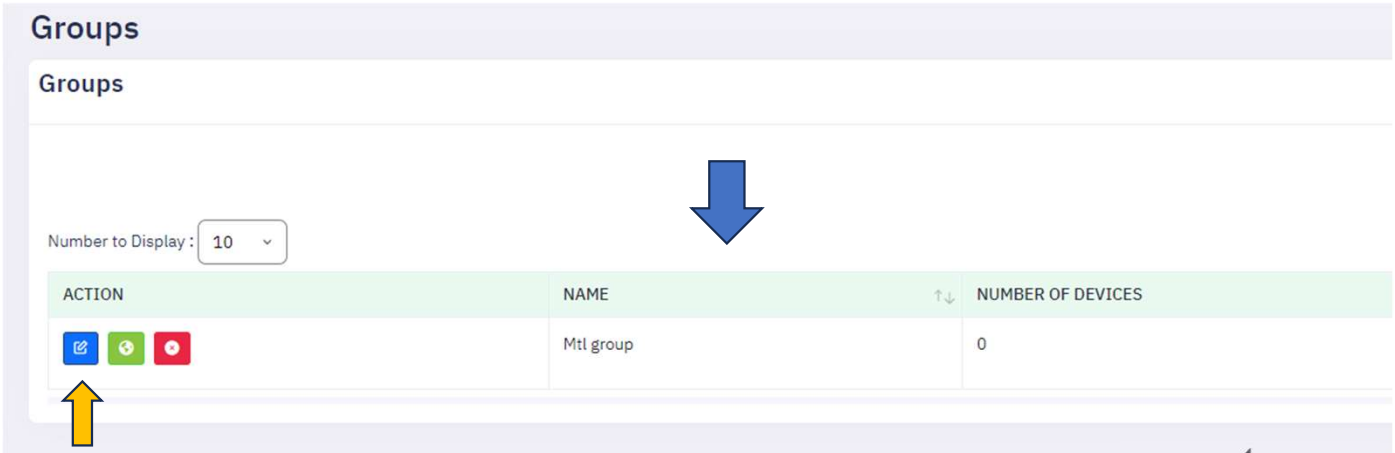

Group creation

- 1) Input the name of your group
- 2) Save

The 'Add Group' dialog box features a title bar with a close button (x). Below the title bar, the text 'Group Name' is followed by a text input field. A red rectangular box highlights the input field, and a blue arrow points to it from the right. Below the input field, there are two buttons: 'Save' (blue) and 'Cancel' (light blue). A blue arrow points to the 'Save' button from the left.

- 3) Click on the blue button, this will display another window to add the specific unit in your group.

The 'Groups' management interface shows a header with the title 'Groups'. Below the header, there is a 'Number to Display' dropdown menu set to '10'. A large blue arrow points down from the 'Add Group' dialog box to this interface. Below the dropdown is a table with three columns: 'ACTION', 'NAME', and 'NUMBER OF DEVICES'. The 'ACTION' column contains three icons: a blue square with a white plus sign, a green square with a white plus sign, and a red square with a white minus sign. The 'NAME' column contains the text 'Mtl group'. The 'NUMBER OF DEVICES' column contains the number '0'. A yellow arrow points up to the blue icon in the 'ACTION' column.

ACTION	NAME	NUMBER OF DEVICES

Additional user creation

You can add user(s) for access to the units in your account. Either Admin user and Users (Read-only access with limited rights).

The screenshot displays the ConexGo web application interface. On the left, a sidebar menu includes 'Home', 'Devices', 'Groups', 'Alerts', and 'Users', with 'Users' highlighted by a red rectangle. The main content area is titled 'Accounts' and contains a 'User' section. A yellow arrow points from the text 'To add a user' to a blue 'Add User' button. Below this button are a green 'Download' button and a search bar. The user list area shows '<No Data>'. The top of the interface features the ConexGo logo, version 'V 1.0.0', a date and time stamp 'Mon, 11 September 2023 3:24:48 PM', a language dropdown set to 'English - US', and a user profile icon labeled 'demo'.

Additional user creation

Add the new user information for login credential. Please note that the email will be used for their user login to the portal.

Conexgo portal usage Terms and Conditions

These Terms of Service ("Terms", "Terms of Service") govern your relationship with the Conexgo.ca website (the "Service") operated by Conexgo ("us", "we", or "our").

Please read these Terms of Service carefully before using the Service.

Your access to and use of the Service is based on your acceptance of and compliance with these Terms. These Terms apply to all visitors, users and others who access or use the Service, without limitation.

By accessing or using the Service you agree to be bound by these Terms and accept all legal consequences. If you do not agree to these terms and conditions, in whole or in part, please do not use the Service.

Accounts

When you create an account with us, it is mandatory that you provide us information that is accurate, complete, and current at all times. Failure to do so constitutes a breach of the Terms, which may result in immediate termination of your account on our Service.

By continuing to access or use our Service after those revisions become effective, you agree to be bound by the revised terms. If you do not agree to the new terms, in whole or in part, we strongly insist that you cease using the website and the Service immediately.

Contact Us

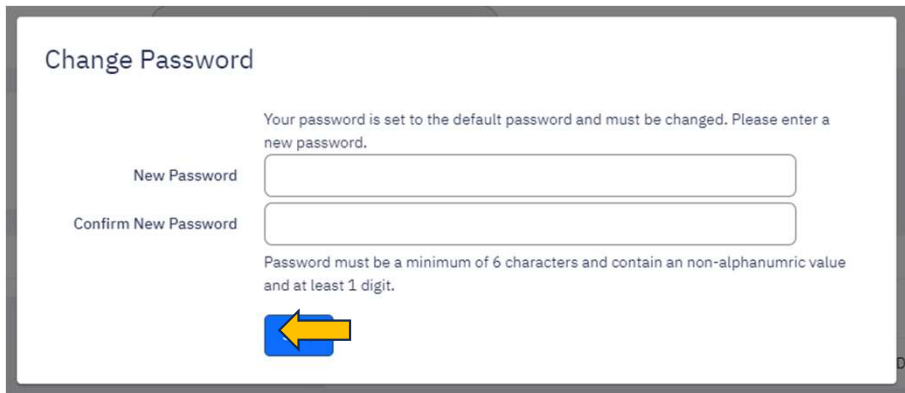

If you have any questions about these Terms, please contact us immediately at support@conexgo.ca

- 1) When the user first logs in, they must accept the term of use of the portal in order to continue

New user login

1) New user will be invited to change your password

Change Password

Your password is set to the default password and must be changed. Please enter a new password.

New Password

Confirm New Password

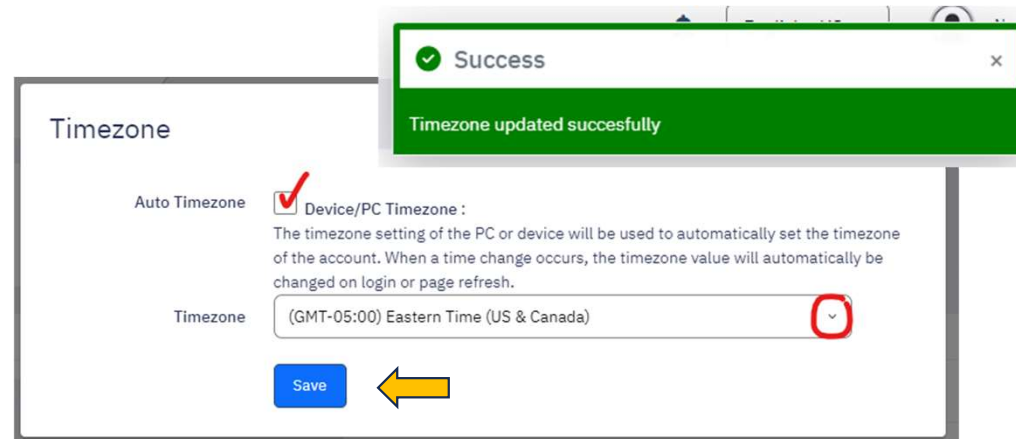

Password must be a minimum of 6 characters and contain a non-alphanumeric value and at least 1 digit.

The password must be at least 6 characters long and contain a non-alphanumeric value and at least 1 number.

2) User will need to select their time zone, either click Automatic time zone according to its PC *Recommended or select the time zone of his location. A success message will be displayed once saved.

Timezone

Auto Timezone ☒ Device/PC Timezone :

The timezone setting of the PC or device will be used to automatically set the timezone of the account. When a time change occurs, the timezone value will automatically be changed on login or page refresh.

Timezone
