Introduction To Apologetics: 1 Peter 3:15

The first few lessons in the RUSH Bible Study Apologetics covers a little bit of the justification of "why bother in the first place?" The reason in a nut shell is the world is dying and we may be the only Bible people ever read. In order to fill the great commission, we must prepare to share the Gospel message, and defend it against the thoughts of a lost, fallen world.

The Trinity: Luke 3:22, Isaiah 48:16, Deuteronomy 6:4

The doctrine of the Trinity describes "what" God is. You are a human; you consist of one person. God is divine, He consists of three persons. The Father, the Son, and the Holy Spirit. This lesson gives you the scripture needed to describe this truth. All false religions get this wrong, and learning these truths, equip us to describe and defend these attributes and the nature of God.

The Deity of Christ in Every Chapter of Mark: Mark 6:48, Job 9:8

The Gospel of Mark doesn't *say* that Jesus is God, it *shows* that Jesus is God. Yahway the Son. This lesson is all the ammo you need to prove that Jesus wasn't just some well meaning Rabbi that was killed for His trouble, but rather, He is God in the flesh.

_____

The Historical Evidence for Jesus: Tacitus, Josephus, Suetonius, Pliny the Younger, Mara Bar Serapion, Lucian of Samosata, Mishna.

Here we research the secular evidence for the life of Christ. That He was born, lived, and was crucified, and that His followers reported that He rose from the dead.

All thirteen statements of fundamental beliefs of all Talmudic Jews, what they mean, and the arguments against the major differences between and Christianity.

The Case for Modern Christian Zionism: Romans 11.

Should we support modern Israel? Are they still the chosen people? Are the Jews today, the Jews of the Bible? Yes, they are. This paper shows why.

_____

_____
_____

Atheism: Causality. Nothing cannot create anything.

The secularist has some big problems with God. They seem even to hate the God who they don't believe in, and ridicule the people that do. This lesson covers why it is the logical, and the intelligent position that there must be only one God, and He is very good.

The Evidence for the Existence of God: Design requires a designer.

Over lapping the previous lesson, taking to argument to the next level.

The Evidence for the Inspiration of Scripture: Science in the Bible.
We have shown that the Bible is reliably transcribed, but that alone doesn't make it divinely inspired. Why should I bet my soul on your holy book? This lesson is the answer.

The Assembly of God Statement of Fundamental Truths: Philippians 2:2-5, 1 Corinthians 1:10.

Catholicism: 1 Timothy 2:5.

_____
_____
_____
_____

Calvinism: 1 John 2:2.
Calvinism is based on the anagram T.U.L.I.P. and was conjured up by John Calvin. This lesson covers where he went wrong. And yes, he went very wrong. The main gist of this error surrounds the false doctrine of O.S.A.S. (once saved, always saved) but is not limited to that error alone.

_____
_____

Flat Earth and Gap Theory: Job 26:7, Job 38:14, Isaiah 40:22.
With so many people in the church not well versed on the subject, this lesson fills in the spaces that may have slipped by us. We cover flat earth only because there are some small independent churches that believe incorrectly that the Bible teaches flat earth theology.

_____

Islam: The Islamic Dilemma, Surah 5:47 & 56, Surah 4:157, Luke 23:23.

Islam and communism are the two biggest threats to a free world and this lesson covers the former of the two. Islam is a cancer, and America is unchurched enough, and equally ignorant enough to fall asleep at the wheel. This lesson exposes this evil disgusting religion.

_____

Mormonism: Isaiah 43:10

The Church of Jesus Christ of Latter-Day Saints is not the church of Jesus Christ. It is at best a bag of very moral appearing wet cats. We expose their prophet Joseph Smith, and their scriptures in this lesson.

Jehovah's Witnesses: John 1. Hebrews 1:1-10.
