

Amazing rate plans to fit every business need

Get industry-leading mobile hotspot data, more business benefits, and unlimited data on the largest, fastest, and now according to umlaut, most reliable 5G network.

During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams on smartphone/tablet at DVD quality (480p).

Unlimited talk, text, and 5G and 4G LTE data. Taxes and fees included in some plans.

Access to America's largest, fastest, and now according to umlaut, most reliable 5G network. The leader in 5G coverage is now the leader in 5G speeds.

Mobile hotspot data. Up to 100GB of high-speed mobile hotspot data.

Premium Data allowances up to unlimited, with speeds that won't slow you down based on how much data you use with Ultimate.

Most Reliable: According to independent third party umlaut from crowdsourced user experience data (Sept 2020 to Feb 2021). **Fastest:** According to Opensignal Awards based on average speeds (USA: 5G User Experience Report April 2021). **Microsoft 365:** contact us to activate two M365 Business Basic licenses (\$6/mo. per license value) while you maintain 2+ lines on Advanced; contact us to activate one M365 Business Basic license (\$6/mo. value) for first line and one M365 Business Standard license (\$15/mo. value) for 2+ lines on Ultimate. **Business Unlimited Plans:** Capable device required for some features. Not combinable with certain offers. Switching plans may cause you to lose current plan/feature benefits; ask a rep for details. Max 6 lines. Plan not available for hotspots and some other data-first devices. **Unlimited talk & text** features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Some messages, including those over 1MB, use data and may be unavailable internationally. Unlimited U.S. roaming. Unlimited high-speed data is US only. In Canada/Mexico, data is unlimited at up to 128kbps speeds for Select; Advanced and Ultimate have up to 5GB of high-speed data and then unlimited at 128kbps for Advanced/256kbps for Ultimate. Not available for hotspots and some other data-first devices. **Tethering:** 5GB high-speed data for Select (40GB for Advanced and 100GB for Ultimate) then unlimited on our network at max 3G speeds. For the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone/tablet usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. **Coverage** not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be **slowed, suspended, terminated, or restricted** for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, heavy data users (>50GB/mo. for most plans) and customers choosing lower-prioritized plans may notice lower speeds than other customers. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device. See T-Mobile.com/OpenInternet for details.
