

DISH WASH

Klensce – The Science of Cleaning

At Arham Ventures, we believe in not just cleaning for the sake of cleanliness, but curating the right solutions that eradicate the most common pathological contamination along with the microbial overload that may hamper the process and product qualities. With Klensce, we instill our solutions with the right scientific backing to provide for results that improve the hygiene standards with unparalleled cleaning solutions.

K13 is a specially curated and formulated dish wash liquid used for cleaning and sanitising all types of kitchen utensils. This dish wash liquid provides enhanced shine and cuts through grease and dried-on food. This pleasantly scented product does not contain any abrasives or bleach and provides streak-free rinsing on all types of kitchen utensils.
