

History and Purpose

Located at 17200 Milky Way (directly across Milky Way from the Unit 9 Solar Park), the DRRH Neighbors Clubhouse was built in 1982 on two Unit 9 lots by volunteers through fundraising events and donations. Although located in and paying HOA fees to Unit 9, the Club is a totally owned corporation, and a separate 501-c nonprofit entity. The purpose of the Club is to be a neighborhood gathering place, intended for use by all our neighbors. Also, the club has frequently been a place where neighborhood issues have been highlighted by separate meetings.

We would love to have you join us! We have a host of weekly, monthly, and annual activities.

Annual dues \$20 for individuals, \$35 for immediate families. Currently 53 paid family or individual members.

Looking Ahead

We are excited about the possibilities to join forces with Unit 9 HOA members to create even more opportunities for our community through joint workdays, fundraisers, and social events. More to come in this area, but the leadership of both boards is committed to working together for the benefit of all.

Please feel free to reach out to any of the contacts above for more information about specific activities, or to any of the board members for other questions and input. We look forward to seeing you!
