

Company Overview

Who We Are

Brio Project Management LLC is a collaborative owner's project management firm focusing on facilities, design, and construction guidance within New England's healthcare, life sciences, and higher education markets. We advocate for our partners during project planning, design, construction, and occupancy/post-occupancy. With over 20 years in the construction and design industry, Brio brings multi-disciplinary experience to manage complex projects, focusing on an exceptional client experience. We are a certified Women-Owned Business Enterprise (WBE) organization passionate about serving our community.
