- ① Please consult your physician if pregnant and/or prior to being sprayed.
- ② It is extremely rare that that an allergic reaction can happen from sunless tanning. So please request a patch test if concerned.
- ③ The tanning solution has little to no rub off on fabrics. But please be aware that some fabrics may stain so please use caution and care.
- ④ Please be aware that your first tan is designed to give you the most natural tan possible. Building up to a darker tan can be designed for those who inquire.
- ⑤ If you are an avid user of any kind of sunless tanning products, please let your airbrush artist know.
- ⑥ Over time a resistance can be built up and your tanning level may need to be adjusted. There is a 24 hour cancelation policy.

I hereby consent to receiving a sunless spray tan by SunnaTan. To my knowledge, I have no medical conditions or allergy, which would preclude me from having this treatment done. I agree to hold SunnaTan harmless of any and all medical complications that may arise. Consult a physician if a reaction occurs. I have read and understood this consent form.
