Goals

- *Communication needs to be more abundant –
- *Perhaps resume adding Zoom to our meeting so that others who cannot make the meeting physically can still participate.
- *At Holiday meeting, could Confetti kids have coordinated their meeting.
- *Missed opportunity for neighborhood when we had the Councilmember forum the same night as another big event.
- *We need better communication – Jerry Pate will be revising the website., also updating Facebook.

- Want more photos
- Engage with new neighbors
 - Engage with businesses
- Propose Business coffee several time/year to connect business owners

*Kelly Proposed have cross pollinating between business and APA – Historical society, Library, each linking with the other so that the community gets info from all corners.

*Linking with Old Algiers Main St.

* Civic Engagement – need to do more to be seen as a business builder

There needs to be an incentive for people to attend the meeting –

- *Vlad will volunteer to see what is needed for better microphone Zoom must be add on – with adequate microphone, visible.

- Zoom gives us the possibility of having a quorum.
- Debate about whether Zoom will squelch involvement – we will give it a try and revisit the topic in 6-8 months.

We need more diversity - economic – on board.

*We need to make more efforts to include the neighborhood between Opelousas Ave and Newton.

*Big Block Party with men's org., APA, All neighborhood organization.
