Limited Lifetime Structural Warranty

Advanced Edge warrants that its SPC vinyl flooring products at the time of their original manufactured condition will be free from manufacturing defects for the lifetime you own the floor. Manufacture defects would include defects in assembly, dimension, grading, lamination, and milling. Furthermore, **Advanced Edge** warrants its vinyl flooring products, when properly installed in accordance to our installation instructions, the flooring will not warp, twist or cup, nor delaminate, for the lifetime you own the floor even when subjected to varying humidity, provided that the flooring is not subjected to excessive, extended contact with moisture or water for more than 72 hours per occurrence; and provided that all installation instructions and precautions are adhered to. It should be carefully noted however that vinyl is a natural man-made material which

has its limitations. It reacts to climatic changes. In high temperatures the vinyl will expand, in low temperatures the vinyl will shrink and contract. It is the responsibility of the end-user to provide stable temperatures between 25°F – 85°F by the use of a humidifier/dehumidifier (depending on the climatic condition) to get the expected performance of the product. Any deformation and gaps on the flooring caused by the failure to provide the proper measures and the correct ambience is not covered by this Warranty.

SPECIAL NOTE: Flooring MUST be glued down for heavy rolling loads such as hospital beds, chair casters, carts, wheelchairs, etc. It is not suitable for use without adhesive. Temperature variations – excessive heat (80 °C/176 °F) or below freezing (-5 °C/23 °F and below) – may cause expansion or contraction of the product and therefore, not covered under this warranty.
