

This is a RV size list for Minnesota State Parks, if a park isn't listed they don't take RV's. If you are close to their limit, call before you reserve to make sure your combination length will fit. We found that a couple parks include the tow vehicle length in the posted length. The list was compiled from a MN DNR website and while accurate, you should verify the data if you are close to their limits.

Park	Size	Pull Through	Electric	Dump Station
Banning	59			X
Bear Head Lake	50		30/50	X
Beaver Creek Valley	57		30	X
Big Bog SRA	60	X	30/50
