

Recycaball – Used tennis Ball Recycling

12p per ball – maximum of £30.00 per sack

Please scan the below QR codes for the latest information on our recycling service.

It is vitally important that the balls are packed correctly, so we receive them in the best condition, making the most money for you or your club. If sacks are not packed correctly, they can split or be lost in transit.

We pay 12p per accepted ball up to a max of 250 balls, the max payment per sack being £30.00.

Shipping sack packing guide video

Scan this QR code with your smartphone to visit our website and watch a short video tutorial on how to use our shipping sacks to pack your balls, so we receive them in the best condition...

Useful information when packing your shipping sacks!

- 250 standard tennis balls in a sack weigh approximately 14.5kg
- 275 standard tennis balls in a sack weigh approximately 16.0kg
- All sacks are weighed by us on receipt.
- The cable ties we supply are reusable, please do not cut them - just tuck the ends away neatly.
- The shipping sack you receive will come with a return shipping tag attached for the courier to stick their label to - please leave it on the outside of the sack.
- It is far easier for us to process your balls if they are not in plastic bags, or black bags inside the sack.
- Once you've packed the sack, drop us an email - mail@recycaball.com - and we'll arrange a courier to come out and collect the sack. You can add extra balls to cover any that may be rejected.
- If you are adding extra balls to offset rejects, a maximum of 25 extra can be included per sack.
- We can't give exact courier pick up times, only the day of collection. Please provide us with a safe place for pick up, so there's no need to wait in.
- Please include the shipping note with any updated personal details, telephone numbers, bank details etc. You can download an editable version on our website.
- As soon as we've graded the balls, we'll make payment direct to your nominated bank account.

Thank you for recycling with us!

Recycaball – Used tennis Ball Recycling

12p per ball – maximum of £30.00 per sack

- This sheet should be completed and placed **INSIDE** your sack of tennis balls.
- On rare occasions, courier services lose or damage the labels attached to the sack, so we need the information inside to identify you once we receive it.
- In most cases, the sack still finds its way to us, as we receive dozens each week.
- If there are no sender details inside, then we have no way of identifying you and cannot make a payment.
- All sacks are weighed and recorded on receipt so we can challenge the couriers on your behalf if there are any complaints.
- Please take the time to read our acceptable standards on our website www.recycaball.com where you will find details of the types of balls that are acceptable to send, and the standards of balls that we can recycle and pay for.
