

ProNexx™

Stabilized 47-0-0 Urea Nitrogen

Stabilized urea nitrogen fertilizer delivers reliable long-lasting performance for up to 12 weeks for consistent green colour. Ideal for tees, fairways and sports field turf.

Maximize efficiency

ProNexx™ helps reduce nitrogen loss due to ammonia volatilization, denitrification and nitrate leaching. Protect your investment by using ProNexx™ to combat nitrogen loss.

ProNexx™ is specially formulated with a **urease inhibitor** to help minimize nitrogen loss into the air.

ProNexx™ stabilized nitrogen also contains a **nitrification inhibitor** that reduces the potential for nitrogen loss due to denitrification and leaching, keeping nitrogen available and working longer to achieve optimal results.

Tank-mix compatible

ProNexx™ 47-0-0 is 100% water soluble urea and tank mix compatible.

Directions for Use

- Read the entire label before use.
- Apply only as directed during the growing season.
- Irrigating after application will accelerate initial green up and will aid in the downward movement of granules into the turf.
- Apply after mowing to prevent particle pick-up.
- To further reduce particle pick-up do not collect clippings for one mowing after application.

Application Rates

| Rate per 100 m2 | Rate per Hectare | Bags per Hectare |
|-----------------|------------------|------------------|
| 1.1 kilogram | 108 kilograms | 5.4 bags |
| 1.6 kilogram | 163 kilograms | 8.1 bags |

Cautions and Precautions

- **General Caution:** This fertilizer contains boron, copper, iron, manganese and zinc, and should be used only as recommended. It may prove harmful when misused.
- **Safety:** KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not inhale.
- **Irritation:** Fertilizer may cause irritation of eyes, nose, throat and skin.
- **First Aid:** In case of contact with eyes, flush with plenty of water; get medical attention.
- **Storage:** Store in a clean, dry place. Reseal opened bag by folding top down and securing.

Net Weight: 20 kg
