

# 18-2-18

## Greens and Tees Fertilizer

Granular maintenance fertilizer with 90% slow-release nitrogen from methylene urea to minimize surge growth. Contains calcium, magnesium and sulfur for saline and sodic soil condition. Contains Iron and Manganese for enhanced turf health and colour. 100 size guide number (SGN) to minimize mower pickup.

*Professional maintenance turf fertilizer with humic acid for greens and tees.*

## Product Features

---

### Slow-Release Technology

90% slow-release nitrogen from methylene urea to minimize surge growth

### Low Mower Pickup

Size guide number 100 (SGN) to minimize mower pickup

### Safer Potassium Form

All the potassium is in the safer sulphate form

### Complete Micronutrients

Contains Iron, manganese, copper, zinc and boron

### Soil Conditioning

With calcium, magnesium and sulfur to mitigate the effects of saline and sodic

soil

# Turf Benefits

- Gradual nitrogen release for effective feeding of turfgrass with decreased risk of nitrogen leaching
- Very low salt index to reduce burn potential
- Provides 18% potash for improved drought tolerance and improved wear tolerance
- Contains the micronutrients boron, copper, iron, manganese and zinc to prevent nutrient deficiencies especially on sandy soils

# Guaranteed Minimum Analysis

Component	Percentage
<b>Total Nitrogen</b>	<b>18%</b>
Nitrogen from methylene urea	16.2%
Urea nitrogen	1.4%
Ammoniacal Nitrogen	0.4%
<b>Available Phosphoric Acid (P<sub>2</sub>O<sub>5</sub>)</b>	<b>2.0%</b>
<b>Soluble Potash (K<sub>2</sub>O)</b>	<b>18.0%</b>
<b>Total Sulphur (S)</b>	<b>6.0%</b>
Boron (actual) (B)	0.02%
Copper (actual) (Cu)	0.05%

Component	Percentage
Iron (actual) (Fe)	2.0%
Manganese (actual) (Mn)	0.05%
Zinc (actual) (Zn)	0.05%

**Derived from:** Methylene urea, Ammonium phosphate, Potassium sulphate, Boron chelate, Copper chelate, Iron chelate, Manganese chelate, Zinc chelate

## Directions For Use

- Read the entire label before use
- Apply only as directed during the growing season
- Irrigating after application will accelerate initial green up and will aid in the downward movement of granules into the turf
- Apply after mowing to prevent particle pick-up
- To further reduce particle pick-up do not collect clippings for one mowing after application

### Application Rates

**Rate 1:** 1.1 kg/100m<sup>2</sup> • 108 kg/hectare • 5.4 bags/hectare

**Rate 2:** 1.6 kg/100m<sup>2</sup> • 163 kg/hectare • 8.1 bags/hectare

### ⚠ CAUTIONS

**This fertilizer contains boron, copper, iron, manganese and zinc, and should be used only as recommended. It may prove harmful when misused.**

### Precautions:

- **KEEP OUT OF REACH OF CHILDREN**

- Harmful if swallowed. Do not inhale
- Fertilizer may cause irritation of eyes, nose, throat and skin
- In case of contact with eyes, flush with plenty of water; get medical attention

**Storage and Use:**

- Store in a clean, dry place
- Reseal opened bag by folding top down and securing
