THE WEDDING DAY CHECKLIST

-We ask everyone to arrive 5-10 mins before given time slot.

-The most **IMPORTANT** prep is to have your hair **DRY** unless discussed otherwise. (You will be charged \$60 if you arrive with wet hair.)

-If **DISCUSSED** and you are getting a blow out, please arrive pre-washed and wet with no styling products.

-We recommend **NOT** having your hair dirty but instead the day you feel is your best hair day. (Could be day 1 or day 4)

-For brides that did not schedule a trial we will add on 15-30 min to the bride time slot the day of your wedding for a mini consultation with the artist to insure your getting the most out of your desired look .

-For the best results, there shouldn't be any of products already in your hair.

-If your having a makeup application your skin should be cleansed and toned with a light moisturizer. SPF is not recommended due to it reflecting light for photography.

-Facial Hair removal should be done 2-3 day prior to makeup application as we dont pluck or wax the day of. (We recommend this due to redness or irritation)

-Please do **NOT** straighten the day before unless you plan on getting a sleeker look. (Hair sometimes doesnt like to be curled after being straighten the day or morning before we arrive.)
