To Whom It May Concern:

Please accept this Letter of Support for the Project Turnkey application from the Curry Homeless Coalition. Advanced health is one of two Coordinated Care Organizations (CCO), covering Curry County. Advanced health supports the Project as it fulfills needed requirements for our Coordinated Care Organization (CCO), Community Health Improvement Plan (CHP) and the Community Health Assessment (CHA) required by the Oregon Health Authority (OHA).

Among Advanced Health's Community Health Improvement Plan (CHP) priorities is Health Equity, and Housing Security. This project meets the standards we have set as goals for the work in the city of Gold Beach. By buying a motel, they will be able to provide housing for those facing houselessness in the community.

Secondly, the target population of families with open, active child welfare cases where the only barrier to reunification is housing helps fulfill another of our focus areas of Community and Families, specifically youth to "Support efforts to mitigate trauma and increase resilience", through family reunification we hope to reduce trauma in our youth.

Lastly, this housing project will be able to house medically fragile individuals. We are experiencing a tremendous uptick in seniors with complicated health issues and nowhere to receive in-home care or hospice and this project will provide a location for those in need.

Again, Advanced Health strongly supports this project.

Thank you

Samuel M. Baugh
