How do I take care of my tattoo?

Keep your tattoo clean and moisturized at all times.

1. Take off wrapping after 2 hours.
2. Wash gently with lather of antiseptic soap.
3. Wash clean and pat dry.
4. Wear loose comfortable clothing .(let your tattoo breathe)
5. When your tattoo starts to dry (usually after 2-4 days) avoid water & use aftercare ointment.
6. Apply a thin coat of ointment 2-3 times daily.
7. Repeat steps 5 & 6 till the tattoo is completely healed (usually takes 10-15 days).

Things Not to do:

1. Do not scratch your tattoo nor pick the scabs.
2. Do not expose your fresh tattoo to direct sunlight .
3. Do not go gymming, yoga jogging, swimming, steam & sauna until your tattoo is healed.
4. Be careful not to let anyone or your pets touch your tattoo before it's healed.
