SIERRA

Cover

- Choose from a Matte or Gloss finish on Vibrant or Metallic Fade metal
- Soft black leather wraps from cover image to back of album
- Features a modern curved spine
- Studio Embossing available in silver foil on the inside back cover

- Vibrant: crisp details and rich colors produce a true, clear image. Suited for all subjects especially portrait, nature and commercial photography.
- Metallic Fade: the metal surface shines through especially in areas of white and softens the image with a metallic sheen. Suited for images with subtle color gradations.

MOSAIC

Cover

- Single-leather standard cover with optional two-leather designs
- Choose from Deluxe (smooth) or Exotic (patterned) Leathers
- Up to three cameos available in many cover designs
- Studio Embossing available in silver foil on the inside back cover

Deluxe Leathers

These leathers have a soft smooth uniform texture. Deluxe Leathers are typically used as the main color in two-tone albums.

Exotic Leathers

Exotic Leathers have distinct patterns and textures. They make great accent leathers in two-tone albums.
