

### **Stage 3: Student Pilot – Regulations – To Cross-country**

#### **Objective:**

The objective of Stage 3 is for the student to gain knowledge and experience in the following:

#### **Ground Training:**

- Limitations
- Regulations
- Flight planning
- Cross-country flight planning
- En route performance

#### **Flight Training:**

- Solo precision
- Pre-cross-country maneuvers (per 14 CFR § 61.93)
- En route navigation and pilotage
- Scenario-based cross-country situations
- Required dual and solo cross-country time to meet FAR 61.313

#### **Completion Standards:**

Stage 3 is complete when the student achieves the objective of each lesson and can list or describe the correct process or reference for accomplishing the required elements, exercises, and activities. Student shall score at least 70% on the Stage 3 Exam, and all deficient areas shall be reconciled to 100%.
