

# Oldfort Dobermans

## Reservation Fee Contract

Reservation Fees are required to reserve a puppy and are **non-refundable**.

### **Puppy Details (to be completed by Breeder)**

This Reservation Fee is for a (color) (gender) puppy.

I, (Buyer's name), have chosen to place a reservation fee of \$500 on a puppy from (Sire) x (Dam) litter, due/born (expected birth date). This fee goes towards the purchase price of \$(price).

### **Registration and Microchip**

- I understand that this puppy is sold with AKC Limited Registration and is intended to be a pet only.
- I understand that the AKC Reunite microchip registration must be paid for by the Buyer.
- I understand that the formal registered name of this puppy will begin with the kennel name "Oldfort's".

### **Ear Cropping**

I have chosen to have this puppy's ears cropped and want Oldfort Dobermans to arrange surgery with the specialist. By checking this box I understand that stitch removal might not be done before the puppy leaves the Breeder. Continued care/postings are my responsibility and Breeder gives no guarantee that ears will stand. I understand that the cost of the crop is included in the purchase price.

I will be taking my puppy home with natural ears. I understand that there is no discount for natural ears.

### **General**

- I have read and understand the Sales Contract. I understand that Dobermans are a large and active breed that need routine training, mental stimulation, and exercise.
- I understand that the final balance of the puppy is due at pickup and must be paid in U.S Cash dollars.
- I understand that by placing this reservation fee I am committing to purchase a puppy from Oldfort Dobermans and that my reservation fee will only be refunded if Oldfort Dobermans is unable to provide me with a puppy from this litter.
