

Justin Moed

A PROVEN
CHAMPION

for our neighborhoods

Justin MOED
FOR STATE REPRESENTATIVE

The Right Experience

"I began my work in government as a Doorkeeper in the legislature while studying at Butler.

Over time, I worked my way up to become an Assistant Policy director and learned how the State House works and sometimes doesn't work.

Now, I serve as your State Representative and work to champion efforts to help improve the quality of life in our neighborhoods."

Follow the progress. NeighborsforJustinMoed.com

JUSTIN MOED in his own words.

Indy Native

"I was born and raised in Greater Indianapolis and have lived here my entire life, including as a renter downtown after graduating from Butler University. Indy is home and that feels good to say."

Your State Rep

"I ran for office to put you and our neighborhoods first at the State House. It has been a tremendous honor and opportunity to serve our community."

People First

"The greatest gifts from my parents were the values they taught me and my sister Meghan. We learned early to treat others as we would want to be treated."

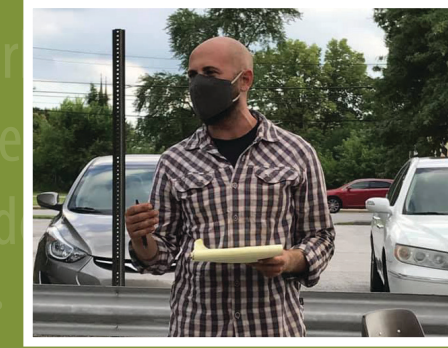

Neighborhood Champion

"From cleaning up abandoned properties, improving roads or supporting our local schools, I'm here to help. I believe we all deserve to live in a safe, clean and strong neighborhood."

First Home

"I bought my first home in Garfield Park and quickly learned what a special place it is. The park and neighbors really make it feel like a community."

The Work Ahead

"I know this year has been tough for all of us. We have a lot of big challenges ahead as we rebuild. When we come together as a community, we can overcome anything. I look forward to working with you."

Urban Farmer

"Recently, I moved by St. Roch in Perry Township where I started an urban farm. We raise produce for local restaurants and food pantries in our community."

Justin MOED

ON THE JOB FOR OUR NEIGHBORHOODS

12 Reasons I'm Running for State Representative

To help improve our neighborhoods by:

1. Seeking more investment for the badly needed infrastructure improvements like road and alley repairs, sidewalks and drainage upgrades to our community.
2. Reforming our criminal justice and public safety system so it works for our community.
3. Supporting neighbors and small businesses impacted by Covid-19.
4. Continue the work to clean up blight and abandoned homes that hinder property values and quality of life.
5. Working to help downtown rebuild and ensure our neighborhoods are healthy, safe and strong.
6. Supporting our local schools and educators so families have access to a high quality education for their children.
7. Helping people get access to the healthcare, mental health, and drug addiction services they may need.
8. Holding government accountable to ensure your money gets to the programs and people it is intended for.

To help make the system work again by:

9. Understanding that politics is broken and that trying to fix it is the beginning of change.
10. Focusing on solving the problems, not partisan fighting.
11. Working across party lines to find common ground.
12. Continuing door-to-door talks and involving citizens to help fix neighborhood problems.
