ABOUT COMPANY

Virtual Labs is a staffing solutions provider company specializing in building and managing elite teams in various fields, including Engineering, Technology, Automation Manufacturing, Banking & Finance, and non-IT sectors nationwide. Our primary focus is on delivering innovative and scalable solutions that empower our clients, candidates, consultants, and employees to reimagine how business is conducted.

As a best-in-class staffing and solutions company, we pride ourselves on our success-driven implementation process. We approach each project with confidence, consistency, and reliability, ensuring that we meet and exceed the expectations of our stakeholders.

At Virtual Labs, we believe in the power of collaboration and working together to achieve powerful results. We strive to create a positive and inclusive environment that fosters growth, learning, and development for everyone involved.

GET A SIT TO FILL? WE GOT YOU COVERED

STRONG FOUNDATIONS

- Any business owner worth their salt knows that the company workforce is their single most important asset. **No workers = No company.**
- Looking to fill an essential role or find a replacement is known to be one of the most stressful positions for employers - **especially when time pressure is on and the clock is ticking.**
- Are you wondering how to find the perfect candidate, and fast, without racking up huge expenses? **This is where we come in.**

Virtual Labs cares deeply about finding the right people for the right role, meaning highly rated job satisfaction for employees and excellent staff retention rates for companies.

With an history of sourcing excellent candidates who stay happy and successful in their roles, you can trust Your company name to take the stress out of sourcing and placing employees without the burden of huge financial outlay.

WHAT WE CAN DO FOR YOU

BRIEFING

Tell us all about your dream candidate, including the skills, attributes, and experience they need to bring to the role. We can even headhunt for niche roles ensuring you high-level talent.

SOURCING TALENT

We advertise roles across different outlets using a unique combination of trusted job websites, media channels, and social media to ensure the job role is seen by the right people.

SCREENING & SHORTLISTING

We proofread and check all CV's and personally interview applicants over Skype/Zoom/MS-Teams/G-meet so that you end up with a shortlist of at least five strong candidates.

SELECTION PROCESS

We will be on hand during the entire interview process, offering advice from interview procedures to contract and salary negotiations.

FOLLOW UP PROCEDURE

The final step is to ensure a happy fit, so twelve (12) weeks after the appointment, we will be in touch with YOU.

ANY INDUSTRY, THE RIGHT RESOURCES
