Write one pronoun in each box.</p> <p>Replace the underlined words in the passage below with the correct <b>pronouns</b>. Write one pronoun in each box.</p> <p>Look at the underlined <b>pronoun</b> in the sentence below. Circle the <b>noun</b> that it refers to.</p> |
| <b>Possessive pronoun</b> | <p>Circle the <b>possessive pronoun</b> in the passage below.</p> <p>Circle the <b>possessive pronoun</b> in the sentence below.</p> <p>Circle the <b>possessive pronoun</b> in each sentence below.</p> <p>What is the <b>word class</b> of the underlined word?<br/>Tick <b>one</b>.</p> <p>Replace the underlined word or words in each sentence with the correct <b>possessive pronoun</b>.</p>                                                                                                                                                                                                                                                                                                              |
| <b>Adverbial</b>          | <p>Underline the <b>adverbial</b> in the sentence below.</p> <p>Which option makes the sentence start with an <b>adverbial</b>?<br/>Tick <b>one</b>.</p> <p>Which sentence starts with an <b>adverbial</b>?<br/>Tick <b>one</b>.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## G2 – Functions of sentences

Which sentence is an **exclamation**?

Tick **one**.

Which sentence is a **statement**?

Tick **one**.

Which sentence is a **command**?

Tick **one**.

Tick the sentence that must end with a **question mark**.

Tick **one**.

Tick all the sentences that have been punctuated correctly.

Tick all the sentences that must end with a **question mark**.

What is the function of the sentence below.

What is the sentence below?

Tick **one**.

Tick **one** box in each row to show whether the sentence is a **question**, a **statement** or a **command**.

Tick **one** box in each row to show whether the sentence is a **question** or a **command**.

Tick **one** box in each row to show whether the sentence is a **statement** or a **command**.

Draw a line to match each sentence to its correct **function**.

Use each function box only **once**.

Draw a line to match each sentence to its **form**.

Rearrange the words in the statement below to make it a **question**.

Use only the given words.

Remember to punctuate your sentence correctly.

Rewrite the question below as a **statement**.

Use only the words given.

Remember to punctuate your answer correctly.

Write a **command** which could be the first step in the instruction for making a sandwich.

Remember to punctuate your answer correctly.

Circle the word that shows that the sentence below is a **command**.

### G3 – Combining words, phrases and clauses

|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
