

Client is Product Startup in Data Converter Domain.

Requirement	Exp	Description	Location
Principal RTL	10-20 Years	Networking, Ethernet , MIPI	Toronto
Principal Verification	10-20 Years	Networking, Ethernet (With Low Power)	Toronto
Principal RTL	5-20 Years	Networking, Ethernet , MIPI	Bangalore/Pune
Principal Verification	5-20 Years	Networking, Ethernet (With Low Power)	Bangalore/Pune
AMS Design	5-15 Years	Ethernet, Phy	Bangalore
AMS Verification	5-15 Years	transceiver	Bangalore

Client is Product Startup in Next Generation Automotive Connectivity

Requirement	Exp	Description	Location
Principal RTL	10-20 Years	Networking, Ethernet , MIPI	Toronto
Principal Verification	10-20 Years	Networking, Ethernet (With Low Power)	Toronto
Principal RTL	5-20 Years	Networking, Ethernet , MIPI	Bangalore/Pune
Principal Verification	5-20 Years	Networking, Ethernet (With Low Power)	Bangalore/Pune
AMS Design	5-15 Years	Ethernet, Phy	Bangalore
AMS Verification	5-15 Years	transceiver	Bangalore

Client is building L1 (Physical Layer) processor ASIC , aimed for ORAN - 5G market.

Requirement	Exp	Description	Location
Principal Engineer (IP Design)	15+	Networking IPs like PCIE, Ethernet (MAC and PCS) Wireless Baseband / MAC (LTE / WLAN)	Bangalore
Principal Engineer (SOC Design)	15+	Networking IPs like PCIE, Ethernet (MAC and PCS) SOC Integration, SOC Power Management	Bangalore
Principal Engineer (CPU Architecture)	15+	CPU Architecture (ARM/Tensilica/ RISCv/MIPS etc) and NOC Interconnects	Bangalore
Staff Engineer (DSP Data Path IP Design)	8 to 15 years	DSP hardware /data path implementation, optimizations WLAN/LTE/Bluetooth /Cable Modem is highly desirable	Bangalore
Staff Engineer (SOC / IP Design)	8 to 15 years	Wireless PHY and MAC (WLAN / LTE / 5G / Bluetooth) Interconnect IPs like Ethernet, PCIe, JESD SOC Components : Peripherals, DDR Controllers	Bangalore
Principal Engineer (IP Verification)	15+	Networking IPs like PCIE, Ethernet (MAC and PCS) Wireless Baseband / MAC (LTE / WLAN)	Bangalore
Principal Engineer (SOC Verification)	15+	Networking IPs like PCIE, Ethernet (MAC and PCS) SOC Integration, SOC Power Management	Bangalore
Staff Engineer (SOC / IP Verification)	8 to 15 years	Wireless PHY and MAC (WLAN / LTE / 5G / Bluetooth) o Interconnect IPs like Ethernet, PCIe, JESD o SOC Components : Peripherals, DDR Controllers	Bangalore

Client is startup in Service/Implementation and roadmap to become product companies.

Requirement	Exp	Description	Location
Verification Director	3-25 Years	HBM or DDR, Ethernet, MIPI, PCIe	Bangalore
Design Director	3-25 Years	HBM or DDR, Ethernet, MIPI, PCIe	Bangalore
