Introduction to Garment Production Capacity

We take pride in our robust garment production capacity, reflecting our commitment to delivering top-quality knitwear to our valued clients. With a state-of-the-art facility equipped with cutting-edge technology and a dedicated workforce, we have positioned ourselves as a leader in the industry.

Production Capacity

Our production capacity stands at an impressive 15,000 units of knitwear per day, showcasing our capability to meet both bulk and bespoke orders efficiently. This output is made possible through the operation of 120 advanced machines, each calibrated for precision and speed, ensuring the timely delivery of high-quality garments.

Fabric Cutting Expertise

Enhancing our efficiency, we have invested in four cutting-edge fabric cutting machines. These machines are instrumental in ensuring accuracy and minimizing material wastage, allowing us to optimize resources without compromising on the quality and precision of our garments.

Quality Assurance

Quality is paramount for us. Our commitment to delivering garments of uncompromising quality is underlined by our rigorous quality assurance processes. Each garment undergoes meticulous inspections at various stages of production, adhering to international standards and industry best practices.

Sedex Registered

As part of our dedication to ethical and responsible business practices, we are proud to be Sedex registered. This certification reflects our commitment to social and environmental sustainability, ensuring that our operations adhere to ethical standards and promote the well-being of our workforce.

Industry Compliance

Compliance with industry standards is non-negotiable for us. Our factory operates in strict adherence to industry regulations and norms, ensuring that our products meet or exceed the expectations of our clients and the broader market.

Dedicated to Excellence

Our commitment to excellence extends beyond our production numbers. It encompasses the entire lifecycle of garment creation, from concept to delivery. By choosing Pritam Textiles Pvt Ltd, you are selecting a partner dedicated to providing high-quality knitwear, responsibly manufactured, and delivered with precision.

Quality Control Throughout the Manufacturing Process

At Pritam Textiles Pvt Ltd, we understand that quality is the cornerstone of our success in the garment manufacturing industry. Our commitment to delivering garments of impeccable quality is embedded in every aspect of our manufacturing process. From the selection of materials to the final inspection, we adhere to the highest standards to ensure that each garment leaving our facility meets or exceeds customer expectations.

Material Selection

The journey to quality begins with the careful selection of materials. We collaborate with reputable suppliers to source high-quality fabrics and accessories. Rigorous testing is conducted to ensure that materials meet our stringent standards before they are integrated into the production process.

Cutting and Stitching

Our skilled artisans use cutting-edge technology and machinery to cut and stitch fabrics with precision. Quality control checkpoints are strategically placed to identify and rectify any deviations from the specified design or standards. This meticulous approach guarantees the durability and consistency of our garments.

Finishing and Detailing

The finishing touches make all the difference. Our dedicated team pays meticulous attention to detailing, ensuring that each garment is finished to perfection. From seam alignment to embellishments, our quality control team meticulously inspects every garment to maintain uniformity and meet the highest aesthetic standards.

Quality Inspections

Our commitment to quality culminates in thorough inspections at various stages of production. We conduct comprehensive quality checks to identify and rectify any defects, ensuring that only flawless garments move forward in the manufacturing process.

Final Inspection

The last stage involves a rigorous final inspection. Each garment undergoes a detailed examination to guarantee that it meets our internal quality benchmarks as well as the specific requirements outlined by our clients.

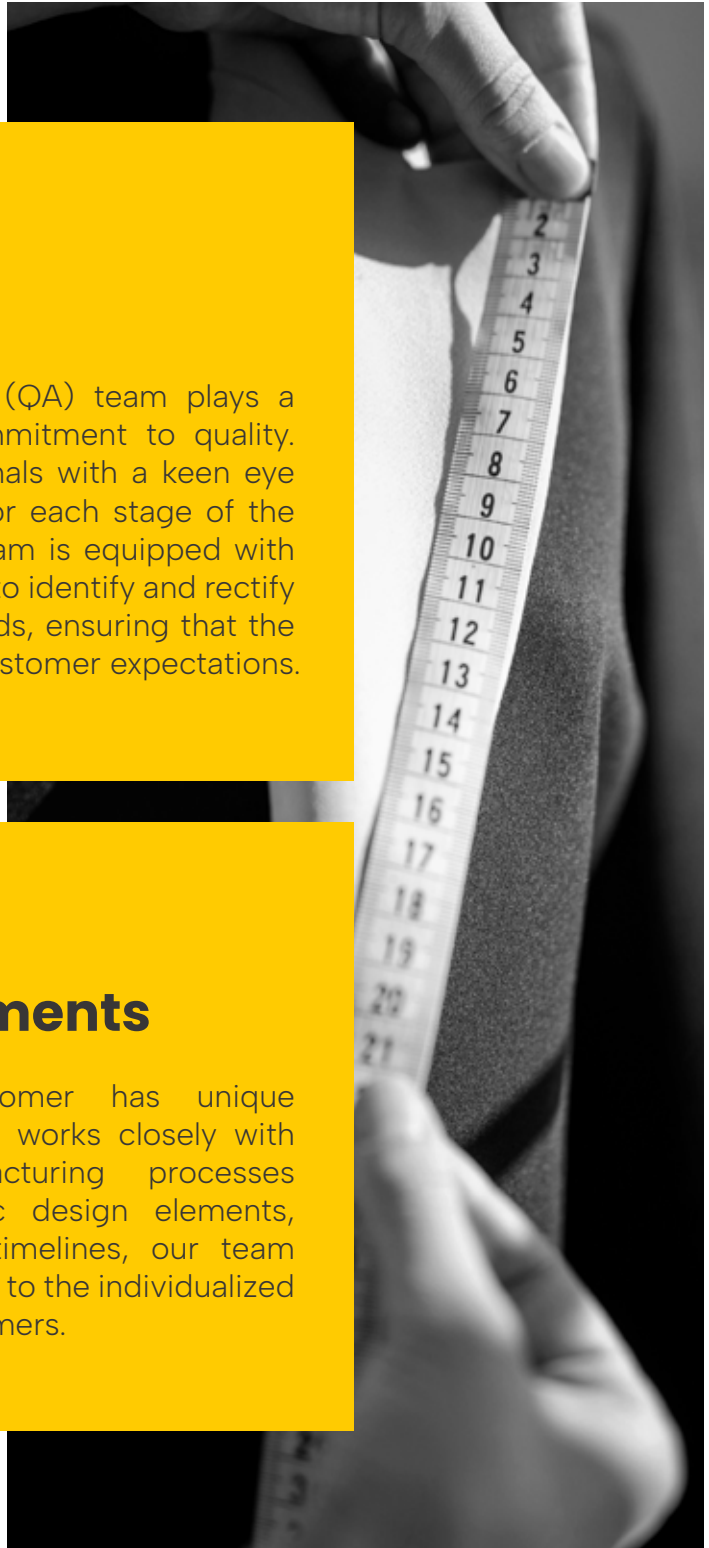

For us, quality is not just a process; it's a commitment to excellence that we uphold with pride. We invite you to experience the superior quality of our garments and partner with us for a manufacturing journey where precision, dedication, and customer satisfaction reign supreme.

Dedicated Quality Assurance Team

Our dedicated Quality Assurance (QA) team plays a pivotal role in upholding our commitment to quality. Comprising experienced professionals with a keen eye for detail, they meticulously monitor each stage of the manufacturing process. The QA team is equipped with the knowledge and tools necessary to identify and rectify any deviations from quality standards, ensuring that the end product aligns perfectly with customer expectations.

Adherence to Customer Requirements

Understanding that every customer has unique requirements, our dedicated team works closely with clients to tailor our manufacturing processes accordingly. Whether it's specific design elements, quality benchmarks, or delivery timelines, our team ensures that each shipment adheres to the individualized requirements outlined by our customers.
