

What YOU can do to help your promotion:

- Don't have unrealistic expectations (like going #1 in 3 days, selling a kazillion records or opening for Isbell)!

Promote and engage on social media. Build your fanbase one like at a time, and be an active part of your record!

- Tour/Live Stream!
- Set up Google alerts for yourself and share the good news!
- Think outside the box!
- Come to me with any questions you may have!
- Always look forward!

Look forward to working with you. Here we go!
