What Size Flag Do I Need to Purchase for My Flagpole?

The page provides detailed guidance on selecting the right flag size based on different use cases, including house flags, flags for specific pole heights, and ceremonial flags like casket flags for veterans. A chart explains the minimum and maximum recommended flag sizes based on flagpole heights, ranging from house-mounted poles to 30-foot commercial poles. Confirm the size with your pole manufacturer’s instructions and expected wind rating for your location.

American flag dimensions:

- 1. **Standard House Flag Size:** 3×5 feet (90×150 cm) is the typical size used for residential displays. Wide range of applications, whether displayed indoors or outdoors.
- 2. **Flagpole Size Guidelines:** The flag length should be about one-quarter of the pole height.
- 3. **Casket Flag Information:** Casket flags for veterans are typically 5×9.5 feet.
- 4. **Common American Flag Sizes:** Includes 2×3 ft, 3×5 ft, 4×6 ft, 5×8 ft, 6×10 ft, and other popular sizes for celebratory displays.
