The Arcángel Film Festival, is a non-profit, organization dedicated towards elevating the human condition through movies that inspire audiences to take social action. We seek to discover, promote, and screen films that tell admirable stories with uplifting themes that embody Gospel values, in short, *Movies with a Mission*.

The 2021 festival themes are: faith building family and faith providing a sense of home. This year's theme is inspired by Our Lady of Guadalupe and her role as a symbol for unity. Our Lady of Guadalupe inspires us to build bridges between all people, and as a mother, she welcomes everyone into the family of Christ where all have a home.
