

Having an x-ray

You are

in

hospital

for

an x-ray.

An x-ray

is

a picture

inside

your body.

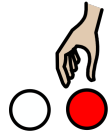

X-rays

help

doctors

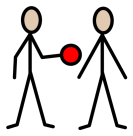

decide on

your medical

care.

Your

parents

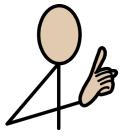

can

come with you.

They

must

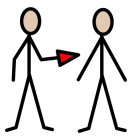

wear

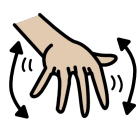

special

apron.

You

might

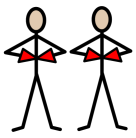

wear

special

hospital clothes.

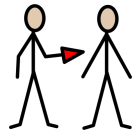

We

might

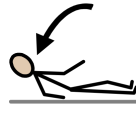

ask

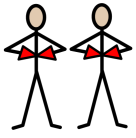

you

to

lie down.

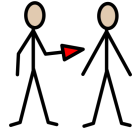

We

might

ask

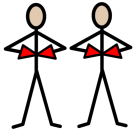

you

to

sit down.

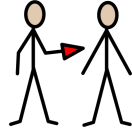

We

might

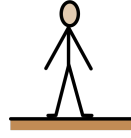

ask

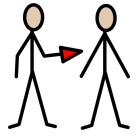

you

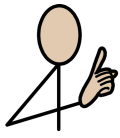

to

stand.

You

must

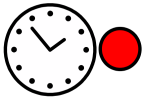

not move

during

the x-ray.

After

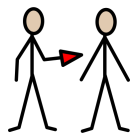

the x-ray,

you can

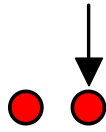

move.

You

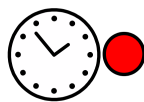

might

have other

scans.

Afterwards,

You can

go

home.
