We also discussed a few other things.

Whether we continue with giving a scholarship to Purdue for women's issues will be decided at the end of the year party.

The annual Sanskriti magazine was also discussed, with Riwitti describing many of the sections for us.

The Boiler Bhangra group had called Riwitti asking whether we could donate money to them. Riwitti explained to them that we do not and suggested ways they could earn money like teaching kids Bhangra. She will also suggest other methods like collaborating with them to give Bhangra classes with IWA getting a small percentage, and them giving Bhangra/fitness classes at Parkwest Fitness.
