

THREE SEVENS

This drill is to be completed at a distance of 7 yards, drawing from concealment, totaling 7 shots, within 7 seconds.

The shooter will draw and place one shot in the upper left 1" circle, transition to the upper right 2" circle, and place two shots inside it. The shooter will then conduct a slide lock reload and put three shots in the bottom left 3" circle, then transition to the bottom right 1" circle and place one shot inside.

This drill works on accuracy, throttle control, weapon manipulation and recoil management.

Any shots breaking the line are considered in.

This is a high-level CCW performance drill
