

# BIPOLAR IONIZATION

## THE TIME IS NOW FOR INDOOR AIR QUALITY STANDARDS

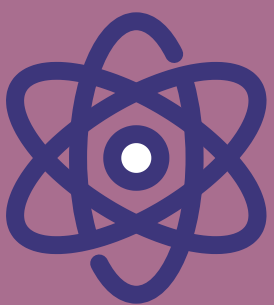

As molecules pass through the system, ions that will actively seek out pathogens to clean and purify the air are generated

## BENEFITS OF BIPOLAR IONIZATION

- Reduces up to 99% of airborne and surface bacteria, viruses, mold and allergens to protect workplaces from illnesses and disease.
- Reduces VOCs and truly eliminates odors - no masking or diluting.
- Improves energy efficiency by recycling purified, conditioned air.
- Easy install & low maintenance - no filters to change!
- Safe, natural and environmentally friendly process that does not utilize chemicals, heavy metals or harmful products.

## BIPOLAR IONIZATION SYSTEMS

*cleans air and surfaces the way nature intended*

## INTELLASYSTEMS

### BRINGING BIPOLAR IONIZATION TO YOUR WORKPLACE

- Integrates into existing commercial and residential HVAC Systems.
- Bipolar Ionization Systems sanitize surfaces and disinfect breathing air.

**Ensure employees that they are returning to a safe and healthy workplace**
