

THE RAINBOW OASIS

Florida's **FIRST** Assisted Living Facility for **LGBTQ+** older adults needs your help!

- As of 2020, there were about 5 million older adults living in Florida.
- By 2040, 10+% of this population will identify as LGBTQIA+.

Have no fear!
The **QUEER** answer
is here!!

- Aging includes changes in physical, mental, and emotional health, socialization, and environment.
- Many older adults experience self-neglect, decline in functioning, depression, and seclusion.

- The LGBTQ+ community has higher risks of health disparities, substance abuse, eating disorders, social isolation, and suicide.
- This uniquely vulnerable population faces violence, discrimination, harassment, and murder.

- The Rainbow Oasis will help with daily living activities and provide safety where residents can live their truth.
- For some, this might be the first time in their life they have felt comfortable enough to do so.

- **YOU** can help us change the world!
- We are in need of professional services, financial contributions, memorabilia donations, or sharing/tagging our Facebook/Instagram pages.

- Visit our website at www.TheRainbowOasis.com.
- Donate to our Go Fund Me at <https://GoFund.me/ef422e03>.
- Buy LGBTQ+ t-shirts at our merch store at <https://the-rainbow-oasis-merch-store.square.site>
