Life. The Other Choice.

The decision to continue or end a pregnancy has never been a choice of political parties or action groups. It is and has always been a choice of the woman. Choices characterize who we are and what we will become. They are rooted in hopes and worries, and even force us to face our fears and stand against greater odds.

Regret taking the abortion pill?

There may be hope!

abortionpillreversal.com

Have you taken the first dose of the abortion pill mifepristone (also called Mifeprex or RU-486) and regret your decision? It may not be too late to save your baby!

Call 877-558-0333 to speak with a nurse for more information NOW, day or night.

The Safe Delivery of Newborns law allows for parents to confidentially give their infant up to 72 hours after birth to an emergency service provider or by calling 911.

Emergency service providers are at the fire department, police station, or hospital.

Safe Delivery Hotline: 866-733-7733

Safe DELIVERY
Safe. Legal. Confidential.
