

Fresh Meals

We specialize in delivering nourishing, freshly prepared meals to those in need—whether it's someone recovering from illness or on bed rest. Our mission is to provide comfort and care through wholesome meals, tailored to support both health and healing.

Cooked With Love

Cooked with love provides comfort to families focused on treatment by delivering homemade meals like soups, Shabbat dishes, samboosak, and mini pizzas. Restocked weekly by community members, meals are delivered daily to ensure families have ready-made food.

Baked With Love

We lovingly deliver baked desserts and challah to widows and families, offering a heartfelt reminder that they are cherished and always surrounded by care and support.

SIMPLY BEAUTIFUL

Beauty starts from within

Simply Beautiful

The boutique offers personalized one-on-one makeup sessions for brides, helping them build their own beauty kit and select a set of makeup brushes. Brides can also choose from a wide variety of jewelry, including necklaces, earrings, bracelets, and tennis necklaces, to complement their look.

Hands On Hessed

Hands on volunteers step up to the plate for families when they need us most. Setting up meals, running errands, arranging cleaning help and babysitting are all ways we fill in to help families carry through in times of need.

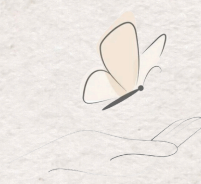

Care Packages

We create thoughtful care packages for individuals returning home from the hospital, offering them comfort and support as they transition to recovery.

Hospital Packages

We have joined forces with Chessed 24/7 and Yad Refuah to create thoughtful care packages designed to uplift and comfort patients during their hospital stay. These packages are personally delivered to patients and also placed in hospital Chessed rooms making it most accessible for those in need.

IN MEMORY OF SAMMY LATIAH

Nissim

Having a baby can be both exciting and overwhelming, so our team created thoughtful care packages for new moms, including a lunch, baby blanket, hat, and a note offering support. For moms with babies in the NICU, we send a package with a Tehillim for the mother, a smaller Tehillim for the crib, a book for the parents, and more baby essentials. We also offer Bed Rest Care Packages for those on bed rest, providing support with mother's helpers and errands.

Blossoms to Blossom

We've all admired stunning floral arrangements at joyous occasions, but imagine if those same flowers could be repurposed the very next night at a different venue. We've created a platform that makes this seamless and sustainable transformation possible.
