

BOOKING MADE EASY

Our safari packages follow a carefully planned itinerary, streamlining the booking process for your convenience. One thing we discovered when trying to book safaris in the past was the price offered was never the end price, so many secret added costs. Here at Lady and the Leopard safaris we keep it as simple and as upfront as possible:

The options for our tours are:

- Join a group tour with specific dates perfect for solo travellers or those on a tight budget.
- Follow one of our itineraries but on a private tour so you can take it at your own pace
- Tell us your ideas and we can create your own bespoke tour.

What's included?

We offer midrange tours using hotels and tented camps that we have tested personally for the best guest experiences.

Dinner from the date stated on the group tour all the way to breakfast on the last day is provided along with drinking water (and your own reusable bottle to help keep them cold and reduce the use of single use plastics)

Park fees and the activities listed in the tour you have chosen are also included in the price.

But don't worry you have the chance to add in a few cheeky extras that might take your fancy along the way.

As wildlife experiences vary daily, we invite you to sit back, unwind, and immerse yourself in the adventure.

We've got you covered from start to finish! Airport transfers and accommodation are included the day before and after your tour, so you can sit back, relax, and enjoy the ride with us.

Speaking of rides- we only use Land Cruiser's as we believe that gives guests the best opportunities for viewing wildlife. We also don't make anyone sit in the middle seat so everyone has their own window and spot to see out the top (but don't be shy to squish next to your tour mates if the animals are showing off in one spot)

We also know and trust our drivers. They won't be bothering wildlife or breaking park rules to invade their space. They have a wealth of knowledge for you to take advantage off and the skills needed to navigate the huge reserves twists and turns.

Prices seem to good to be true? Don't worry we only request a 25% deposit at time of booking and the rest to be paid in cash (USD) on arrival to the hotel. So you can meet the team and be rest assured we are as real as they come.

We hope to see you soon!
