The above named member business has applications and understands the grant requirements. Before the Main Street Duncan, Inc. design committee can accept the application for a micro-signage grant, a proof/example from the approved business listed above must be included along with signage details (measurements, price, etc.). All appropriate documents must be included prior to submission for review by the committee. Applicants submitting incomplete documentation will not be eligible for the micro-signage grant; only one submission is allowed during the fiscal year of July 1st to June 30th per business/organization. Signs detracting from historical preservation and/or historical character towards the building and downtown Duncan district will not be fulfilled via this grant. Banners will not be eligible for the signage grant.

*signs that are already installed on the building will need to submit a photo for the committee to review. Any signage one-year or older will not be accepted for the grant.

Applicants using alternative businesses/methods for signage must provide proper paperwork to the committee for review including but not limited to:

- Name of alternative business/method
- If a DIY project, a proof/example must be submitted with application
- Price and measurements
- Reason for using alternative business
- Location of signage
- Any other documentation that would help the committee to understand why using an alternative business is necessary
