Dear Parents,

The month of March the children explored their 5 Senses and began learning about opposites. We used our smelling sense with our smelling jars and graphing our answers. We used our touch to feel the texture of finger painting with sandy paint. We used our sight to bird watch. We tasted different "flavors" and listened to different sounds.

For the month of April our theme will be "Hop Into Spring". We will watch our caterpillars and watch their cycle of life. We will retell "The Very Hungry Caterpillar" on the felt board and make our own caterpillars out of egg cartons. We will have caterpillar biscuits and ladybug pancakes.

We will be having our Spring Conferences on Monday, April 29th and Tuesday, April 30th. Please keep an eye out for an email from Sign Up Genius to schedule a time for your child's conference. We look forward to this time to discuss with you your child's growth and development. If a time on those days does not work for you, please let us know so we can schedule a time that works for you.

With the hot days ahead of us and the muddy kitchen in the outdoor classroom, we will be using our water tables more frequently. Please make sure your child has a complete change of clothes in his/her cubby.

We cannot express how proud we are of all of our little saints and the huge accomplishment with potty training! If you are beginning to potty train at home, please let one of us know so we can continue with it at school as well. Please make sure to send in several changes of clothes including underwear during the transition of potty training.

Snack Basket Rotation:

- Week of 4/1- Price
- Week of 4/8- Kettner
- Week of 4/15- Leila
- Week of 4/22- Abigail
