Collect some rocks and pebbles from around your house and bring them to school to add to our classroom terrarium.	Collect some dirt or sand from your yard and bring it in to add to our classroom terrarium.	We will start setting up the terrarium by adding our rocks and dirt.	We will add some potting soil and seeds to our terrarium.	We will go on a buggy ride to hunt for bugs.

We will observe some worms. Do you want to touch one or hold it? Worms are good for soil. We will add them to our terrarium.	We will add some crickets to our terrarium, watch out they can jump very far with their long back legs.	We will add so many ladybugs to our terrarium. Some might crawl or fly away. We must catch them gently, they are nice.	We will watch our caterpillars eating so many leaves of the milkweed plant. They are growing so big.	Feed our bugs and water our plants. Are the caterpillars ready to make chrysalises?
