

## Week in Review 3-4

### ART

This week we began using Tempra Sticks and our friends love them! They are easy to use and encourage proper grip. The colors mix together to make secondary colors right on their paper; much like regular paint. We had fun creating “wind art” using straws and paint to create a rainbow in honor of St. Patrick’s Day.

### SCIENCE/SENSORY

This week we made paper airplanes and experimented with different ways to fly them and at varying heights including the second story balcony. We used a pulley system to retrieve them from below.

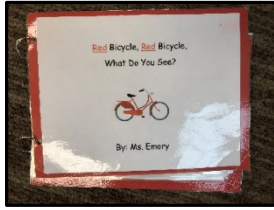

### MATH/FINE MOTOR

We are always searching for ways to make math/fine motor time fun and engaging. Sometimes it’s the activities, games and toys from “yesterday” that do the trick. This week we played with Tinker Toys! We love getting donations that challenge the screen time our friends have become accustomed too. We also use Wiki Sticks to practice following varying lines and angles on paper.

## LANGUAGE/LITERACY

Red Bicycle, Red Bicycle, What do You Hear is a book about transportation and teaches our friends memory recall, sequencing and sorting. We

have also been learning about our community. This week we enjoyed a visit by our WP Police Department. They taught us about vehicle safety, community safety and let us crawl into a squad car and their new all-terrain vehicle. We will enjoy a visit from the Fire Department soon as well.

## OUR WORLD

## LOOKING FORWARD:

Thank you for the yummy snacks Ethan! Next up: Maddie

March 11 - Goldfish Swim School - 9:15

March 14 - PTO Art Fest a la Mode

March 15 - SCHOOL CLOSED - Art Festival Parking fundraiser

March 18 - 22 - SCHOOL CLOSED - Spring Break
