We support the South Kitsap School District levy | Letters

The renewal of the South Kitsap School District levy is paramount to the continued success of the students and community. This is not a new levy or tax, but a continuation of monetary support for essential services not covered under state funding. The district has made tremendous progress in areas of student achievement, facility upgrades, and community involvement. Programs that the state does not fund or fully fund range from athletics to transportation to security to arts to classroom staff who are critical to the success of the students today and the future of South Kitsap tomorrow.

Find out the facts for yourself by visiting the district's website, [SKSCHOOLS.org](https://www.skschools.org) or by directly contacting Superintendent Tim Winter instead of basing your decision on signs with misleading information. We as individuals are all members of the Port Orchard City Council, but not representing the city. We strongly support the South Kitsap District Levy, condemn deceptive information, and urge you to vote in the February election.
