

Field Entry/Exit Rules

Last year, we adopted the standardized field entry and exit proposed by the UIL MAC. On the next page is a map to help clarify the rules and procedures for marching contest.

- The field entry point is on the south side of the stadium.
- During the previous band's two-minute exit time, your band, props, etc. may line up anywhere along the goal line but not beyond it.
- Your front ensemble, drum major stands, etc. may line up even to the 20-yard line on the track but not beyond it.
- DO NOT assume this position until the conclusion of the previous band's performance. A PNG band staff member will be there to help you and let you know when it is ok to proceed to the starting point.
- Your band and equipment will exit to the north side of the stadium to the bus parking lot.
- Please call or email me or Nelson with any questions.
