

New Field Entry/Exit Rules

Per our conversation and vote back at the region meeting in August, it was our intention to go to the standardized field entry and exit proposed by the UIL MAC. On the next page is a map to help clarify the rules and procedures for marching contest.

- The field entry point is on the south side of the stadium.
- During the previous band's two-minute exit time, your band, props, etc. may line up anywhere along the goal line but not beyond it.
- Your front ensemble, drum major stands, etc. may line up even to the 20-yard line on the track but not beyond it.
- DO NOT assume this position until the conclusion of the previous band's performance. Austin Wolfe will be there to help you and let you know when it is ok to proceed to the starting point.
- Your band and equipment will exit to the north side of the stadium to the bus parking lot.
- Please call or email me or Nelson with any questions.
