As your buses turn off Merriman onto New St., have them enter at the bus entrance (1), then drop the kids off (2) on the sidewalk closest to the band hall. A student monitor will be there approximately 45 minutes before your scheduled warm up time to assist you in getting around the school. Your equipment can be unloaded in the area provided (3) and then any pit equipment will be taken to a holding area (4). Have your buses and equipment truck go north on Merriman after they drop you off and take a right into the bus parking area (6).

Your band will warm up in the band hall (7) or cafeteria (10). Reminder: there will be NO chairs in the warmup room. At the assigned time your monitor will lead you to the field entrance (8) where you will begin your performance. After your performance, you'll

exit the field (9) to the bus parking area. You may then make your way to the contest office which is on the lower floor of the press box to pick up your materials. There is elevator access from the concourse level of the stadium, and please limit the people in the press box to directors only. There will be a directors' hospitality room on this floor, and our boosters will be running a full concession stand that we hope your students & parents will patronize!
