Pedigree

If you are a Suri breeder looking for classic grey colour with beautiful handle from a superb pedigree then Inspector Maigret is the perfect choice.

Our classic grey Suri stud male, Inspector Maigret is officially light rose grey and has a beautiful even colour. He has a good degree of softness and fineness through black and white fibre giving beautiful handle. He is well conformed with good bone and has a nice even temperament.

Inspector Maigret has a fabulous pedigree with the world famous Macgyver and Accoyo Bulleyman line coming through both Sire and Dam's side.

Macgyver has produced more champion alpacas than any other herd sire in the world, winning the AAA (US) Futurity an astonishing 7 times.

Maigret's Sire, Wellow VaVaVoom, is the progeny of Macgyver's only silver grey son, Sierra Bonita's Silver Rider and has very impressive fineness. He was the 2018 BAS National Show Champion.

His Dam, Faraway Valleta is a Springfarm Krug daughter descended from Pucara Sur-Real Rapper and Suri Wonder Dream with Accoyo Bulleyman on her dam's side.
