**Note:** Attach a diagram/drawing of the property displaying the location of your project with approximate measurements of items on the property.

**Items That Must Be Followed:**

1. After HOA (ARC) approval, you must obtain County permits for the project and follow all County regulations in addition to the Deed of Restrictions for the community.
2. Sheds and other external buildings must match the color of the house, including siding and shingles.
3. Fences must be wooden or vinyl; metal or chain-link fences are not allowed. Fences cannot exceed 4 feet in height.
4. Pools must be in-ground and comply with all County regulations regarding fencing (4 feet).
5. Vendors/homeowners must clean up all debris from the project to maintain a good appearance for the community.
