January 31, 2025

# BLACKWHITE: Hometown Memories showcases David Menary's portfolio

**An evocative look, through black and white photographs, of the picturesque area around Cambridge, Ontario, including its architecture**

CAMBRIDGE Ontario—*BLACKWHITE: Home Town Memories* by Cambridge writer/artist/photographer David Menary is an evocative look at the unique architecture and places that abound in and around Cambridge, Ontario and along the Grand River valley.

With more than 200 stunning black and white photographs from the author's personal portfolio, taken over many decades, *Home Town Memories* reveals the intrinsic beauty and change in Cambridge and vicinity.

While this volume, which is now available to the public for the first time, showcases Menary's black and white portfolio and focuses on the Cambridge area, it also includes some of his work from New York, Michigan and elsewhere in Ontario.

If a picture is worth a thousand words, then this book will leave a lasting impression of the place the author calls home.

Copies of this book can be purchased locally at Rookery Books, 25 Main Street, Cambridge, and online at: [www.ItHappenedinCambridge.com](http://www.ItHappenedinCambridge.com)

*It Happened in Cambridge* is a site dedicated to the history and stories unique to Cambridge, and showcases local artwork and books. Consider becoming a subscriber (free) to receive notifications about new stories and artworks as they become available.
