ARISE Water Is Precious presents a way to teach your students about the scarcity and privilege of water. Water makes up 71% of the earth's surface. Of that 71% only 2.5% is drinkable! ARISE Water Is Precious will teach your students that water is a privilege and what actions they can take to save make the most of it.

ARISE Poison Prevention

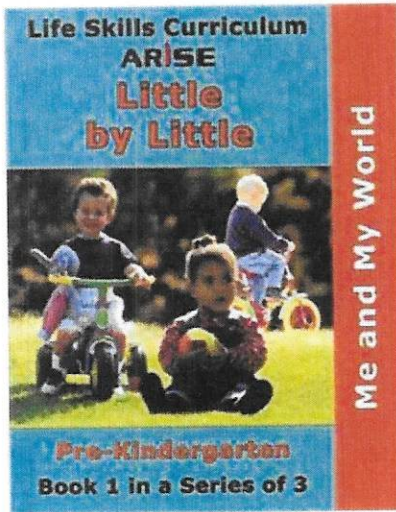

Every year, 91,000 poisonings to children are treated in hospital emergency rooms. Of that 91,000 more than 100 are fatal. For every 10 poison exposures to children, 9 occur in the home!

In the adolescent years, it's important that children learn to decipher between what objects and substances are safe to touch and/or eat. The ARISE Poison Prevention Activity Book not only teaches children what items are poisonous and unsafe, but does it in a fun and entertaining way. Nevertheless, what really makes this book unique is that while the children learn about poison safety, parents learn how to properly conceal these dangerous household items. With topics such as labels, medicine, cleaning agents, cosmetics, plants, paint, and pesticides, this book is the perfect guide to keep your home safe.

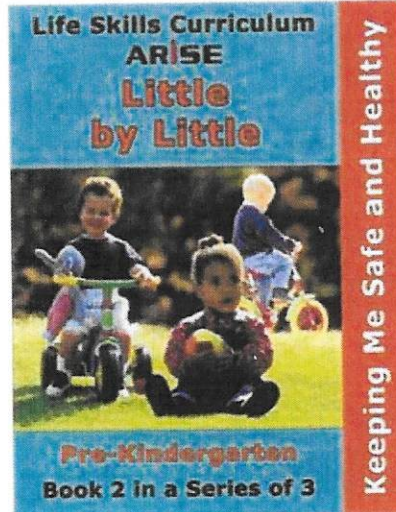

ARISE Little by Little Series: Pre-K

Me and My World Book 1 in a Series of 3
