OUR STORY

The HENRI-LLOYD story is one like no other. It is a story based on the principles and vision of one extraordinary man, a man who through a belief in innovation, an unrelenting persistence and a determination to not accept the status quo, changed protective, performance-driven clothing forever.

The truly original waterproof clothing brand, Henri-Lloyd continues to protect people from the extremes of foul weather, still adopted and revered today by pioneers, sailors, explorers and sporting icons as it has been since 1963.

Founded on the principles of freedom, integrity and innovation, Henri-Lloyd is authentic to its core, committed to catering to the unrelenting individuals who are dedicated to their pursuit of excellence, who never settle for the ordinary and who follow their own path.

KITTING OUT THE WORLD'S ELITE TEAMS AND SAILORS SINCE 1963

Now in our 60th year as a brand and under new stewardship, we continue to design product and position the business with a contemporary and sustainable vision, a vision grounded in our rich heritage.

The Quality, Innovation and unique Aesthetic that consumers know and love has been engineered in ways that reduce our impact on the environment, an idea we call "Responsible Performance".

Whether outfitting a yacht racing crew, organising an event, gifting to your customers or enhancing your company's image, Henri-Lloyd's technical and innovative products are the ultimate choice for showcasing your team or business in functional and fashionable uniform.

Exclusively crafted and meticulously curated for teamwear requirements, the Henri-Lloyd collection focuses on trusted designs and popular products with premium fabrics, featuring subtle branding that helps accentuate your own branding and logo prominence.
