After being a part time model for a few years, I decided to try the other side of the lens. I've been a photographer for the past 9 years and a Professional Make Up Artist for the past decade. I've done a styling course with Werner Wessels and I have a passion to do hair
- I basically love everything to do with beauty and style.

I am also an Entrepreneur and the owner of my own online Health, Wellness & Cosmetics company AMMI (www.ammi.co.za)

I can assist with all photography and styling from the CEO to the team, the products, offices and lifestyle photography.

I have helped many businesses to improve their look and feel, and showcase them in the best way possible. I assist with styling, moodboards and help with your the mood that will fit your brand.

- Amorie Pearson

At the Amorie Arts Studio, we provide professional make up and basic hair styling services. We can do anything from natural to dramatic make up. We have two make up artists.

Make up will enhance your beauty that is already there, it really does help to represent yourself in the best way possible.

If I do shoots with men, I apply powder to take away all the highlights and shine from the face.

First of all, decide what it is that you need for your business and have a look at my packages.

From there, I can assist you with the ideas, moodboard and the outfit ideas and the overall look & feel for your shoot.

I can set up a mobile studio or you can come to my studio in Centurion to do your shoot.

At the shoot I will assist with posing guidance, yes men, you too!
