“First of all a bit more about my experience...”

After being a part time model for a few years, I decided to try the other side of the lens because I know exactly what us as women look at when we see a photo of ourselves.

I've been a Professional Photographer and Make up artist for the past 10+ years, I have been trained to do Make up Professionally by the owner of Halouw Make Up Academy, Louise Volschenk, I've done a styling course with Werner Wessels and I have a passion to do hair
- I basically love everything to do with beauty.

I have photographed hundreds of Women and I have worked with many influential women in the beauty industry including Rolene Strauss, Melinda Bam, Liesl Laurie, Demi-Leigh Nel-Peters to name a few. I am also the Beauty Photographer for Mrs South Africa.

Your Experience...

Right now, where you are is the youngest you will ever be. Time goes by so quickly, kids grow up fast and we get older that is why it is important to do family shoots as often as possible. There is something special about capturing every stage of life and have memories to look back on.

Let us help you to capture memories that you will treasure forever!

The family packages apply for newborn and couple shoots.

- Amorie Pearson

At the Amorie Arts Studio, we provide professional make up and basic hair styling services. This gives us time to bond before your photoshoot while you are enjoying your glass of sparkling wine. With lots of laughs and chats, you will feel comfortable and relaxed by the time we start with your actual photoshoot.

Make up will enhance your beauty that is already there and it will help you to feel extra sexy and fabulous for you photoshoot.

“ALL YOU NEED TO DO IS SHOW UP FOR THE SHOOT WITH YOUR OUTFITS, I WILL TAKE CARE OF THE REST”- AMORIE

My passion is to bring what you envisioned to life.
Share your ideas with me, and we will work on something that suits you.

If you include it in your package, your make up & hair will be done professionally.

We will decide on the final outfits and order in which we will do your shoot.

I have different settings in my studio that will create unique looks within your photoshoot, we can also decide on a location if you want to do a lifestyle vibe.

For newborn family shoots I prefer shooting at your home where the baby feels safe. Please remember that traveling is charged extra.

There is nothing to worry about... you are in good hands!

Outfits

We suggest you check our pinterest board and save the ideas that you love. From there I will guide you. Rather bring more outfits to your shoot, and then we sort it at the shoot.

Here are a few ideas:

***Colors** – Black or White are always classic and make beautiful images.
Pastels is always a winner.
Floral patterns always work.
For men, plain colors are always the best.

***Flowy Dresses:** Always look amazing on photos, it is optional.
There are a few places you can rent a dress for the shoot.

***Shoes:** Any shoes can work, remember ladies nude color heels always make your legs look longer.

For family shoots it is always nice if you all try to work on the same color scheme for every look.

I have some great ideas and inspiration on my Pinterest Page...its worth a look!
